

CHICAGO QUANTUM EXCHANGE

Join Applied Materials to learn about their QISE opportunities and hiring needs:

Quantum Employer Spotlight with Applied Materials

Wednesday, December 13, 2023 | 12:00 – 1:00 pm CT
Virtual Via Zoom

CQE trainees and students from Chicagoland academic institutions are encouraged to attend

[Applied Materials](#) is the leader in materials engineering solutions used to produce virtually every new chip and advanced display in the world. Applied Materials will share an overview of the company and the CTO group, first-hand accounts of various roles at Applied Materials, information on their capital arm [Applied Ventures, LLC](#) and other quantum-specific efforts, and the company's current hiring needs. Attendees are invited to submit a resume during the registration process to be considered for any [open employment or internship opportunities](#).

Event Contact:

Name: Tara Ford

Email: taraford@uchicago.edu

To participate remotely register here:
